

the American Legion's reputation as both a veteran's advocacy and community service organization. Under Wallace's leadership, the post received state and national attention as a leader in supporting the Boys State Program, a program which teaches lessons of patriotism and civics to high school juniors. He also worked with the American Legion Baseball program and oratorical contests that offered scholarships to local participants.

Although Mr. Wallace does not like taking credit for the success of the group, many veterans and families in the Shoals will tell you that without him the Legion would not be what it is today. Wallace simply believes that his work at the American Legion is just the continuation of work begun by an earlier generation, the original Legionnaires who established the post in 1919 and the World War I veterans who built their current hall in 1939. As adjutant, Wallace helped maintain this building that has been their home for 64 years.

Mr. Speaker, I also want to pay tribute to Mr. Wallace's wife of 60 years, Mrs. Ellen Wallace. As his assistant at the Legion, Mrs. Wallace filed paperwork and served with the Ladies Auxiliary during the chicken stews and other activities. Mr. Wallace credits her with making him the man he is today.

Despite the irregular hours, low pay, and lack of prestige, both Mr. and Mrs. Wallace enjoyed helping many people during their time of service with the American Legion. They have dedicated themselves to their community, and on behalf of the people of north Alabama I thank them for their service and congratulate them on a job well done.

INTRODUCTION OF A BILL TO AUTHORIZE CERTAIN MAJOR MEDICAL FACILITY PROJECTS FOR THE DEPARTMENT OF VETERANS AFFAIRS

HON. LANE EVANS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 5, 2003

Mr. EVANS. Mr. Speaker, today, I am introducing a bill with my friend, the chairman of the Veterans Affairs Health Subcommittee, ROB SIMMONS. This bill will authorize several desperately needed major medical construction projects in Chicago, IL; San Diego, CA; Las Vegas, NV; and West Haven, CT. I urge all of my colleagues to support this bill to jump start the stalled major medical construction endeavor in the Department of Veterans Affairs.

My bill would honor the commitment the Department of Veterans Affairs made to build a new bed tower at the West Side division of VA Chicago. While Secretary Anthony Principi has decided to move forward with the closure of inpatient services at the Lakeside division, he has not asked for an appropriation for the new construction project at West Side. Instead, the funding for this project—\$98.5 million—is supposed to come from an enhanced use lease agreement whose value some experts claim has been greatly overestimated. I am not willing to make such a gamble on veterans' access to a functional medical center in the Chicago area.

The West Side facility is a 50-year old facility ill-suited to respond to the demands of a modern health care delivery system, even

without the additional workload anticipated from the integration with Lakeside scheduled for early August. VA Chicago is working to accommodate its inpatients in a facility that has inadequate intensive care units, inpatient units, and surgical suites. Once the new facility is operational, the existing facility will also have to undergo significant renovations to improve the emergency department, laboratory and radiological services, and food and nutritional areas.

Because of the importance and the urgency of this project, my legislation would prohibit VA Chicago from disposing, in any manner, of the Lakeside division without first entering into a contract for the construction of the new bed tower promised to Chicago area veterans.

The bill would also fund a project to replace the existing ambulatory care center in Las Vegas, NV. As my good friend, Shelley Berkley often reminds the Committee, Las Vegas has the fastest growing populations in the country and its veteran enrollees are not expected to peak until 2012. Veterans' use of services is expected to remain higher than it is currently throughout the 20-year timeframe studied for VA's Capital Assets Realignment for Enhanced Services project.

Unfortunately, in constructing a new ambulatory care clinic there in 1997, VA seems to have fallen prey to a contractor whose work was seriously substandard. An independent assessment by John A. Martin and Associates yielded an opinion that the clinic was "unsafe for continued occupancy." Because of the contractor's repeated failure to address serious structural deficiencies in the building, VA is now forced to abandon it. As an interim measure, VA is sending its patients to 10 different ambulatory care clinics around the city. This inefficient delivery system is forcing VA to add 80 full-time employees with significant new operational costs. My bill would request \$97.3 million to build a new centralized facility that would also include space for a new regional office for the Veterans Benefits Administration.

In FY 2002, VA listed seismic corrections at the San Diego VA Medical Center as one of its highest construction priorities. Later, I am told, cost considerations—not any change in the assessment of need—yielded a lower priority for the project. I am still convinced that there is a great risk to VA patients and staff at the site and my bill would authorize \$48.6 million to address the needs at the facility.

West Haven VA Medical Center is in serious need of major renovations to its inpatient wards and research facilities. For many years, the inpatient ward renovations have been a high priority for VA construction, but resources have not allowed the project to move forward. I am requesting \$50 million for this project and to renovate the research facilities.

Finally, Charlotte, NC, is home to one of the largest populations in the country without a significant VA health care system presence. The project requested in this bill would allow VA to greatly expand its current workload in a clinic in the downtown area and enroll veterans who are now unable to receive care. I have included \$3 million for the cost of the lease.

All of these projects merit our immediate attention and approval by all Members. I urge your favorable consideration.

HONORING COLE REVIS

HON. SCOTT McINNIS

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 5, 2003

Mr. McINNIS. Mr. Speaker, it is with a profound sense of pride that I stand before this Congress to speak about the actions of Cole Revis. Cole, a second grader in Grand Junction, Colorado, has shown more kindness and maturity in the face of adversity than most people have three times his age. Cole's father, a veteran of the first Gulf War, passed away this spring from skin cancer. Cole understood the sacrifices his father made in the service of our country and he is trying his best to follow his father's courageous example.

Mark Revis, Cole's father, was a Staff Sergeant in the 143rd Signal Company of the Colorado National Guard for six years, having previously served for 14 years in the Army. Mark was forced to retire from the National Guard when he was diagnosed with Multiple Sclerosis. He was later diagnosed with lung cancer and then skin cancer. Mark fought each disease and that same fighting spirit is evident in his son. He passed away in February, at the age of 44.

After receiving a death benefit check from the government, Cole felt strongly that this inheritance should go to his father's fellow soldiers. While most eight year olds would have bought candy, Cole wanted to use his money in a way that would help others. So Cole decided his money would be spent buying care packages for United States troops serving in Operation Iraqi Freedom.

Mr. Speaker, I am honored to speak today about Cole Revis. His passion, kindness, maturity and heart are an inspiration to us all. Cole's optimism and understanding of the role and duty that his father fulfilled have allowed him to understand that while his father is gone, his actions will never be forgotten. I know that if he were here today, Mark Revis would be extremely proud of his son. Thank you, Cole. Your actions are a testament to the will and unyielding strength that America's youth represents.

RECOGNIZING AND COMMENDING ALL WHO PARTICIPATED IN AND SUPPORTED OPERATION ENDURING FREEDOM IN AFGHANISTAN AND OPERATION IRAQI FREEDOM IN IRAQ

SPEECH OF

HON. JIM SAXTON

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Wednesday, June 4, 2003

Mr. SAXTON. Mr. Speaker, with yesterday's passage of H. Con. Res. 177, we formally recognized and commended our Armed Forces for their participation and success in Operation Enduring Freedom and Operation Iraqi Freedom. Our magnificent men and women in uniform serve as the greatest ambassadors of what is good and right in our world. They are the bearers of the tremendous might, the indomitable spirit, and the boundless compassion of our nation and the freedom loving people everywhere.
